TO WHOM IT MAY CONCERN

This is to certify that Mr. Krishna Agarwal has worked as a Frontend Web Developer with Brighter Technology LLC, through TagnTarget Pvt. Ltd, during the following periods:

- Frontend Web Developer - Internship

June 2024 - August 2024 - 3 months

- Frontend Web Developer - Part-time

February 2025 - March 2025 - 2 months

During his time with us, Krishna contributed to several key projects. His responsibilities included, but were not limited to:

- Contributing to the technical architecture of a medium-scale Next.js website with over 100 components
- Developing frontend functionalities that required both a strong understanding of mathematics and a keen eye for UI/UX
- Collaborating with team members to review implementations, identify potential improvements, and suggest refinements

Krishna has demonstrated consistent reliability and a thoughtful approach to problem-solving. His contributions to the team were valuable and helped us move our projects forward effectively.

Should you require any additional information, please feel free to reach out to us.

Sincerely,

Vijayendra Narayan Roy
